

MASTERPIECE CATERERS

A Note to our Friends and Guests About the Coronavirus

Over the past few weeks, the spread of the Coronavirus has dominated the news and has dominated the strategic planning at Masterpiece Caterers which operates 1 Hanover Square, Private Events at Pier A Harbor House, Café 55 by Masterpiece, Sky 55 Bar and VIVO! Restaurant and Catering.

I want all of you to know that your health and safety remain our first priority at your upcoming events & visits.

We have always taken great pride in our premier food and catering services, and as such, we are held to the highest standards for sanitizing and cleanliness. Our kitchens and premises are inspected daily by management which hold staff to extreme rigors that far exceed NYC Board of Health Inspections.

On top of our daily cleaning procedures, all surfaces, doorknobs, and frequently touched objects will be disinfected prior to, during, and after events. We're also staffing up our teams with the sole purpose of ensuring continuous hygienic and germ destroying procedures. We have taken our guidance from the CDC and will exceed such because it's in line with our corporate culture and how we choose to maximize the health and safety of our staff and guests.

Epidemiologists state we are at an "inflection point" with the Coronavirus and suggest approximately eight weeks might be needed to arrest the outbreak.

Out of an abundance of caution, we have asked our staff to remain home if feeling ill, to limit travel outside the country, and we have supplied antibacterial soap throughout all our facilities. We will also accommodate our clients who prefer to meet via teleconferencing rather than meeting in person.

Should you have any questions or concerns regarding your planned event or wish to discuss our Environmental Protective Measures, please feel free to call or email me directly at 212-269-2323 ext 118.

Sincerely,

Kevin A. Mattner, President
